ganeshhdeshmukh7@gmail.com | (+91) 7083365027

Dharashiv,Maharashtra

Technical Skills

Programing Languages: Java,C++,Python,Sql,CloudComputing,HTML/CSS,CCNA

Technologies/Frameworks/Libraries: React JS,Django, Git & Github,PowerBi,Figma(UI/UX)

Experience

Bharat Forge Ltd Software Developer Intern

Software developer Intern Baramati, IN Developed a web interface for administrators to input and update fee-related data conveniently. Integrated Flask, a Python web framework, and SQLite, a lightweight database, to automate the process of managing pending fees.

Projects

- **Automated Notices Generation And Emailing System** | Github

Developed a web interface for administrators to input and update fee-related data conveniently. Integrated Flask, a Python web framework, and SQLite, a lightweight database, to automate the process of managing pending fees.

Utilizes Python libraries such as:

- **Pandas** for reading Excel files.
- **Python-docx** for manipulating Word templates.
- **smtplib** for sending emails.

- **Music App (Spotify)** /By using MERN stack | Github

Developed a music streaming app using the MERN stack. Implemented user authentication, built RESTful APIs, and created a responsive front-end with React.js. Utilized MongoDB for data storage and deployed the app for real-world use.

- **Car Rental System** | Django/Python | Github

Built a car rental management system with Django and Python. Developed user authentication, booking functionality, and an admin dashboard. Implemented dynamic forms and integrated a PostgreSQL database for efficient data management and real-time updates.

Education

VPKBIET Baramati, Pune

Bachelor of Engineering in Information Technology (8.21 CGPA)

2025

Maharashtra, India

Government Polytechnic,Solapur

Diploma (88.15%)

2021

Maharashtra, India

Certifications

Java | Qspider,Hadapsar | 2022

MERN Fulstack | Udemy | 2023

Sql | GreatLearning | 2024

Python |ScalarAcademy | 2023
